DR. MARTIN G. BROOKINS
One of Kansas City's most successful and aggressive physicians and surgeons.

CLEVER CROOK PUTS ONE OVER ON PASTOR.

Tells Rev. Carpenter He is Private Johnson, Who Was Honored in France—Gets \$30.00.

Brooklyn, N. Y., July 17.—Rev. W. Spencer Carpenter, pastor of the Bridge Street A. M. E. church, is a Spanish war veteran. He had also read with enthusiasm the great deeds of Henry Johnson and Needham Roberts, soldiers in France, who successfully engaged 24 German soldiers, though wounded. He had also read that Johnson received the Croix de Guerre for his successful stand against the two dozen Huns.

While sitting in his study last Sunday, one of his members brought a man in and introduced him as "Sergeant Henry Johnson." The Spanish war veteran listened to a thrilling tale of the supposed adventures in France of the "sergeant." He told the minister that he had left his Croix de Guerre with General Pershing for safekeeping.

The pastor invited the "hero" to address his congregation at night. "Sergeant Johnson" left saying he had to speak at the Y. M. C. A. in the afternoon. There were 1,100 people in the church to hear his "thrilling" narrative. After it was all over they raised a collection of \$31 for the "hero."

The next day someone remarked to Rev. Mr. Carpenter "Sergeant Johnson" did not look like the one he knew. Becoming suspicious, he called up the secretary of the Y. M. C. A. to ask did "Johnson" speak there Sunday afternoon. Receiving a reply in the negative, he notified police headquarters.

JUDGE SELDEN P. SPENCER.

Judge Selden P. Spencer, who is a candidate for the nomination for the United States senate, is not entitled to the support of the colored people; because I is a known fact that this ex-Judge is prejudiced towards them. A close observation of his actions in the past will show, that here and there the real man has found occasion to portray itself. But the boldest exhibition of his prejudiced-soul was recently shown when he successfully opposed the organization of a colored regiment of home guards in this state, giving as his reason "the social side."

The home guards are to protect the state in case of uprisings, etc. But Judge Spencer would be willing to sacrifice the welfare of the state upon the altar of race prejudice. Such a man, though he be honored with a seat in the highest council of the nation, would, like others, no doubt, be willing to sacrifice the successful prosecution of the war upon the altar of race prejudice. A man of his type is dangerous; worst to the detriment of the Negro than all of the German propaganda. No loyal American, who knows of this condition, be he black or white, will support Judge Selden P. Spencer for the senate.

Let us support men and measures that are fair and just to our race. But, let us set our faces like flint against those that hinder our progress.—St. Louis Argus.

ASK DUBOIS' HEAD FOR "SURENDER" WORK IN "CRISIS."

Washington Advancement Association Leaders Assail Editor and Major Spingarn Hip and Thigh for Somersaul on Race Rights.

Washington, July 14.—The stormiest meeting ever held by the local branch of the N. A. A. C. P. here was held last Wednesday evening. Because of the question of endorsing Dr. Dubois' desire to continue as editor of The Crisis while holding a commission as captain in the army, assigned to duties in the intelligence bureau, and the matter of repudiating his editorial in the last issue of the Crisis urging the race to "bury our grievances," an exceptionally large attendance was present. Many of the speeches were radically denunciatory of Editor Dubois' alleged selfishness in desiring to draw salary from two positions and "traitor" and "Benedict Arnold" were some of the endearing terms applied to him by speakers because of his "Close Ranks" editorial in the last issue of The Crisis. The local branch here,

The Sun is in receipt of a very interesting letter from two of our most popular physicians, Drs. D. M. Miller and M. G. Brookins who with their wives have been touring the West during the past 30 days. They write that all are enjoying good health and have been having a grand time. They have visited Denver, Colorado Springs, Pueblo, Salt Lake City, Las Vegas, Los Angeles, San Francisco, Ogden, Cheyenne and Yellow Stone Park and that it has been the treat of their lives. While at Los Angeles they visited Santa Barbara, San Monica, Catalina Islands, the Busch Sunken Gardens, the various Parks, ocean beach and other points of interest in that beautiful city. Their wives have enjoyed every moment of their visit and the Doctors expect to return home by August 1st to resume their splendid practice. They send their regards to their patients and friends.

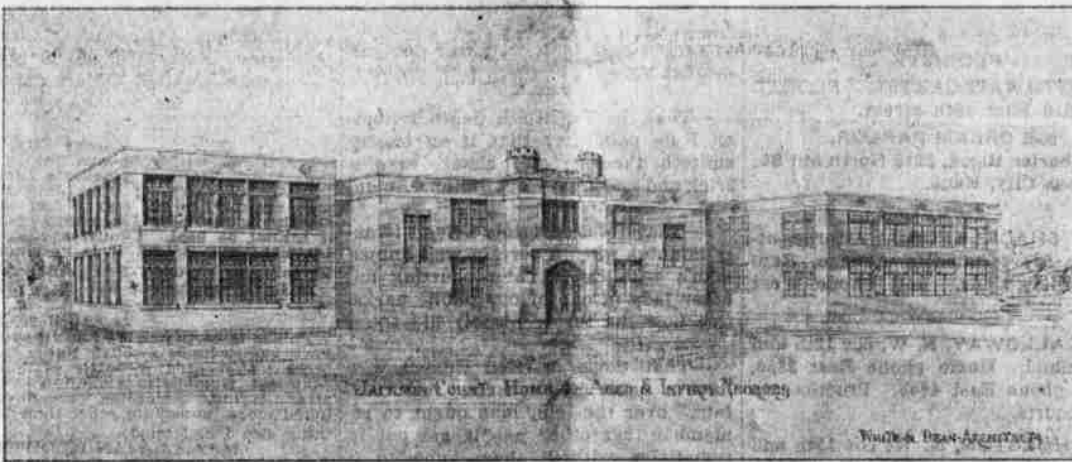

which numbers 7,000 members, went on record as censuring Editor Dubois for attempting to draw salary for two positions, and for his alleged surrendering editorial in last issue of The Crisis. The local branch sustained the board of trustees of the N. A. A. C. P. in their decision reached at a meeting in New York, that Editor Dubois must choose between the editorship of The Crisis and a position with the Intelligence Bureau in the War Department; that he cannot remain editor and serve in some other capacity. In short, it has been made plain to Dr. Dubois that he cannot serve two masters. It was further

DR. D. M. MILLER
whose phenomenal success since coming to this City a little more than a year ago has simply astounded the old timers but the secret of Doc's success is that "he knows his stuff."

ORDER OF TWELVE IN SESSION.

The thirty-first annual grand session of the International Order of Twelve is being held this week in St. Joseph. A large delegation of Kansas City representatives is in attendance and all parts of the state are well reported. Dr. Clement Richardson, president of Lincoln Institute, was invited to deliver an address at the annual outing on Thursday. The body voted to equip a room at the new

This is the one great reason (were there no others) why every decent, intelligent and justice-loving Negro in Jackson County should without any hesitation cast their vote for Judge Miles Bulger for Presiding Judge of the County Court of Jackson County, Missouri. Those public officials who do things and consider the welfare of all classes of people are the ones who should be elected to office; and unqualifiedly, unreservedly and with all the power at its command the Kansas City Sun and its friends are for Miles Bulger for Judge of the County Court. And if white Republicans can without apology vote at the Democratic primary for Democratic candidates, then there is no reason why Black Republicans to the number of 7,000 cannot do the same thing.

impressed upon him, it is alleged, that if he continues as editor of The Crisis he must continue the heretofore policy of that publication respecting rights of the race. The entire N. A. A. C. P. organization is greatly stirred over what many members claim was an abandonment of the race by Dr. Dubois.

HOT WEATHER RULES FOR HORSE.

1. Load lightly, and drive slowly.
2. Stop in the shade if possible.
3. Water your horse as often as possible. So long as a horse is working, water in small quantities will not hurt him. But let him drink only a few swallows if he is going to stand still. Do not fail to water him at night after he has eaten his hay.
4. When he comes in after work, sponge off the harness marks and sweat, his eyes, his nose and mouth, and the dock. Wash his feet but not his legs.
5. If the thermometer is 75 degrees or higher, wipe him all over with a damp sponge, using vinegar water if possible. Do not wash the horse at night.
6. Saturday night, give a bran mash, lukewarm; and add a tablespoonful of saltpetre.
7. Do not use a horse-hat, unless it is a canopy-top hat. The ordinary bell-shaped hat does more harm than good.
8. A sponge on top of the head, or even a cloth, is good if kept wet. If dry it is worse than nothing.
9. If the horse is overcome by heat, get him into the shade, remove harness and bridle, wash out his mouth, sponge him all over, shower his legs, and give him two ounces of aromatic spirits of ammonia, or two ounces of sweet spirits of nitre, in a pint of water; or give him a pint of coffee warm. Cool his head at once, using cold water, or, if necessary, chopped ice, wrapped in a cloth.
10. If the horse is off his feed, try him with two quarts of oats mixed with bran, and a little water; and add a little salt or sugar. Or give him oatmeal gruel or barley water to drink.
11. Watch your horse. If he stops sweating suddenly, or if he breathes short and quick, or if his ears droop, or if he stands with his legs braced sideways, he is in danger of a heat or sun stroke and needs attention at once.
12. If it is so hot that the horse sweats in the stable at night, tie him outside, with bedding under him. Unless he cools off during the night, he cannot well stand the next day's heat.

Wheatley-Provident hospital. Reports indicate that over one thousand new members have been added this year. Kansas City is making a big effort and will no doubt land the 1919 meeting.

WILL WEIGH NEGRO BABIES.

Station to be Opened at Wendell Phillips School Tomorrow.

Under the auspices of the national child welfare campaign, by which the United States hopes to save one hundred thousand more babies this year than in past years, a weighing station for Negro children will be opened Tuesday morning in the Wendell Phillips School in charge of Mrs. T. G. McCampbell and Mrs. E. C. Bunch.

LOUD TALKING.

Another Indorsement From a Well Known Citizen.

I wish to congratulate one Mr. Joe E. Herriford for the article he inserted in your valuable paper. If ever a man spoke the truth Mr. Herriford is one, and there is no getting around it. It is a fact there are more loud mouthed people of color in Kansas City than I have ever had the displeasure of seeing anywhere else.

They don't only talk loud and boisterous in their homes, but on the street as well. One can go to any part of Kansas City with few exceptions where the race is thickly populated and certainly feel ashamed of some of the race's actions.

They don't seem to have forethought enough to realize that they are making bad matters worse. The boys who play on the streets at the Paseo forever use the word "nigger" and the men on the street are just as bad about the use of that despicable word "nigger." Their conversation and speech in general should be recorded by a dictograph, perhaps they then would fully realize how badly it really sounds to others. One can go to Chicago, the town in which I live, and you would never see nor hear such carrying on as you do here. Although Kansas City is my home town I can't feel proud of it.

I wish also to call your attention to a few facts pertaining to Kling's amusement garden located on 18th at Lydia. Without a doubt it's the filthiest place in Kansas City and you know that is saying a whole lot. I think a committee of business men of color should call on that fellow Kling and try to induce him to improve accommodations at his show or have him boycotted. It's a disgrace to humanity. The performance is very nice but that old delapidated place with old rusty tents on the side; to say nothing of the place called a lobby is a crying disgrace.

NATHAN B. MILLER.
5125 Swope Parkway.

NEW PRESIDENT LINCOLN INSTITUTE VISITS CITY.

Kansas City was honored this week by an informal visit from Dr. Clement Richardson, the newly elected head of Lincoln Institute. During a stay of two days he was the house guest of Joe E. Herriford, 1217 Woodland Ave. who was generously assisted by Dr. Wm. J. Thompson, Superintendent of the City Hospital, in entertaining the distinguished guest.

Dr. Richardson by his simple, unaffected manner, his frank and cultured disposition, made a host of friends during his brief visit in the city and both colored and white people are already convinced that the Board of Regents has found the right man to make Lincoln Institute just what it ought to be in the educational development of our people in Missouri and the west.

The new President is a graduate of Harvard and is one of the type of men whom the late Booker T. Washington gathered about him at Tuskegee whence he comes to Missouri after several years experience at the great southern institution. He has been at Lincoln Institute a month and already has a firm grasp upon the situation and has laid plans for a wide scope of usefulness in his new field.

During his stay in Kansas City he merely devoted himself to the preliminaries of what he hopes to be a wide
